## Product Description

**Shoe Shape:** Flat profile with low downturn for comfort and natural foot positioning. Precise toe profile for better control.

**Sole:** XS Grip Vibram 4 mm rubber providing high traction on flat and rounded holds.

**Wear and Tear:** High grip rubber wears faster; average wear around 6 months depending on usage.

**Wear Indicator:** Rand indicator shows when two thirds lining is worn to help resole on time.

**Resoling Service:** Shoes can be resoled to extend life. Stop use if synthetic leather becomes visible.

**Sizing:** Beginners choose regular size; intermediate climbers half to one size smaller snug fit.

**Care:** Do not machine wash. Clean with sponge and mild soap. Air dry only.

## Key Features
