Womens Climbing Shoe - Vertika Blue Ochre

Product Description

Sizing: Snug narrow fit. Shoe will not stretch but will mould slightly. Choose street shoe size.

Shape: Asymmetrical arch shape with moderate heel tension for precision and power on small holds.

Engineered for womens feet: Smaller metatarsal circumference and heel volume for better fit.

Sole: XS Grip Vibram 4 mm rubber with soft heel and midsole support.

Upper: Synthetic leather lining to prevent loosening. Breathable tongue for comfort.

Wear and tear: High grip rubber may wear in about 6 months depending on use.

Resoling: Shoes can be resoled to extend life. Stop use if synthetic leather is visible.

Care: Do not machine wash. Clean with sponge and mild soap. Air dry only.

Specifications
